Price per pad / 9 pads per set (3 plates of 3 pads)

[PAC pad] 

- Rough and fine grinding of concrete floors
- SURF1 - SILVER: Very aggressive coarse diamond - removal of extra thickness, removal of coating residue, removal of asbestos, levelling of surfaces, preparation of rough floors for polishing or for enhancing adherence before applying new coating
- SURF2 - BROWN: removal of extra thickness, removal of coating residue, removal of asbestos, levelling of surfaces, preparation of rough floors for polishing or for enhancing adherence before applying new coating
- SURF3 - BLUE: fine grinding for removing nearly all scratches, last step for external surfaces (risk of slipping on wet ground)
- SURF4 - BLACK: preparation for polishing, gives a satin appearance, without scratches
- SURF5 - RED: preparation for polishing, gives a semi-gloss appearance, last step before the polishing phase with the resin bonds
- Metallic bond pads 75 x 55 mm with 3 fixing holes M6
